

# Jupiter conjunct the North Node from 1791 to 2034

Created by [Cayelin K Castell](#) © 2015

Jupiter and North Node conjunct about every seven years. From 1791 to 2134 (343 years) Jupiter and the North Node meet in Virgo only three times, in 1849, 1979 and 2016.

Also note the Pattern of conjunctions shifting through the elements from Air, Earth, Fire, Water. Sometimes an element is featured twice and sometimes it is only featured once, however the pattern is consistent.
