Uranus degrees from 2016 to 2020

The table below shows and what dates Uranus is going retrograde (blue) and direct (green).

The second table shows where Uranus begins and ends the year (light orange).

The columns with numbers and symbols for example **24 Aries 30** is the showing the sign and degree of Uranus. The first number **24** shows the degrees and the second number **30** shows the minutes. There are 30 degrees in a sign and 60 minutes in a degree.

If you have planets, angles or nodes in Aries, Cancer, Libra, or Capricorn you will go through a Uranus transit during these years. Knowing the sign and degree will help you locate when that is happening for you. Get a Free natal chart here <http://alabe.com/freechart/>.
